

Digital Awareness Program

Digital India - Power to Empower

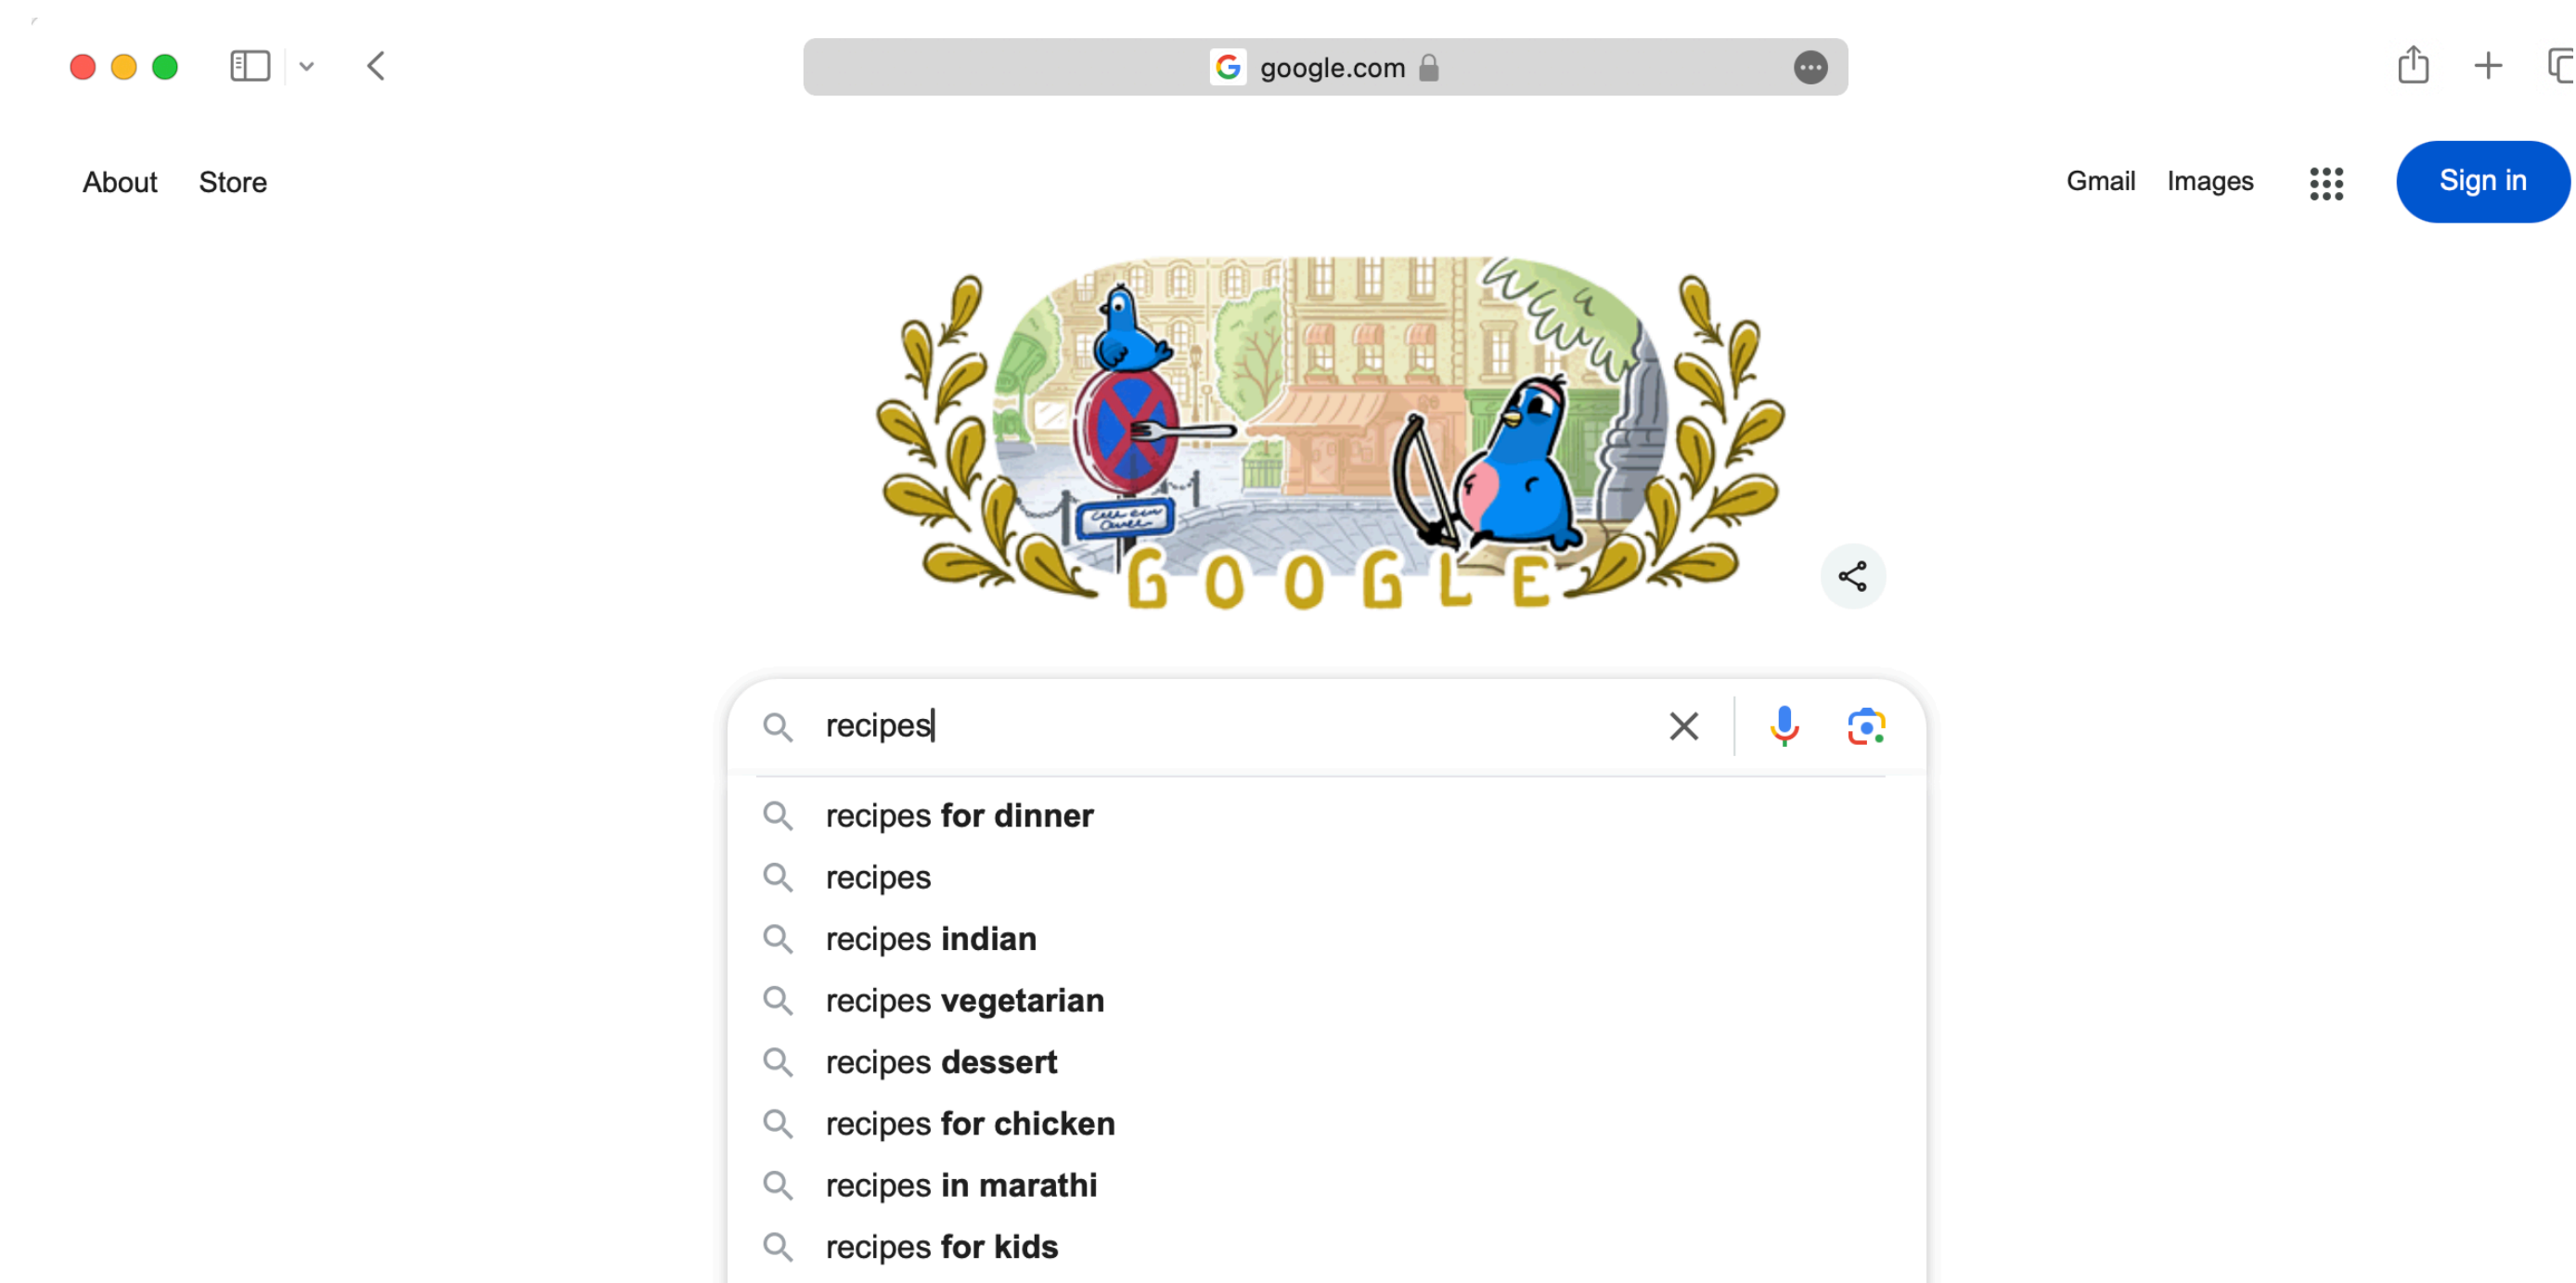

Veer Shukla

How to use Internet to search information on web?

This will help you find news, recipes, health tips etc. instantly.

We need two things web browser (Safari, Chrome etc.) and search engine (Google, Bing etc.).

To perform a search, we'll need to navigate to www.google.com in browser, type one or more keywords—these are search terms—then press Enter.

How to use UPI for digital payments?

This will help you make payments through your smartphone from your bank account.

Getting Started with UPI

Download and Install a UPI App

To get started with UPI, follow these steps:

1. Choose a UPI app like BHIM, Google Pay, PhonePe, or Paytm.
2. Download and install your preferred app from the app store.

Register on the App

Once you have the UPI app installed, follow these steps to register:

1. Open the app and select your preferred language.
2. Verify your mobile number through an SMS, by sending SMS from your registered mobile number, to your preferred bank.
3. Link your bank account by providing the necessary details.
4. Set a UPI PIN, which is a 4-6 digit code for security; please do not disclose your PIN to anyone for safety reasons.

This payment service is secure and can be used by linking of UPI App with your bank account by way of your registered mobile number with Bank.

To ensure security of money, please create a strong UPI PIN and DO NOT share your UPI PIN with anyone, as this could lead to fraud and compromise.

Getting Started with UPI

Sending Money Using UPI

1. Payment can be made by entering the recipient's UPI/phone number or by scanning the QR code.
2. Once done, you need to enter the exact amount you wish to send.
3. Confirm the payment by entering your UPI PIN on your phone and proceed.

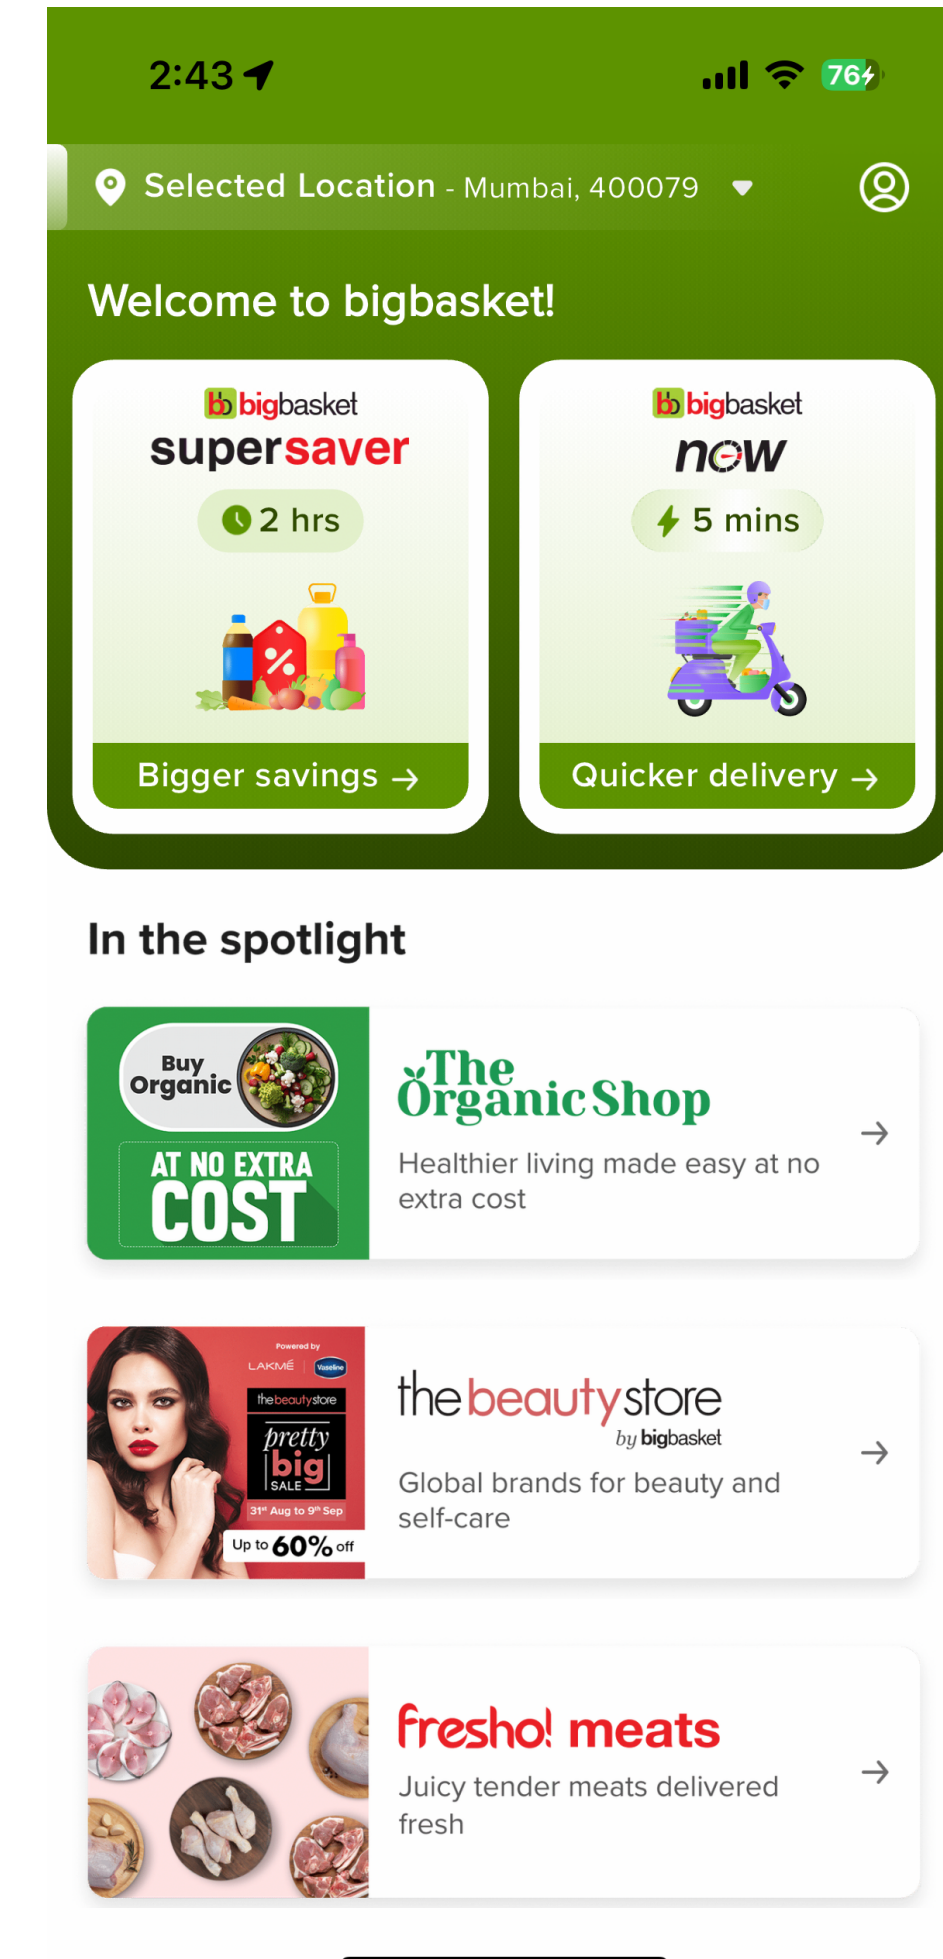

Receiving Money Using UPI

1. Share your UPI ID/phone number with the person sending you money.
2. Wait for the sender to transfer the money, please DO NOT share your PIN.
3. The money will be credited to your linked bank account once the transfer is complete.
